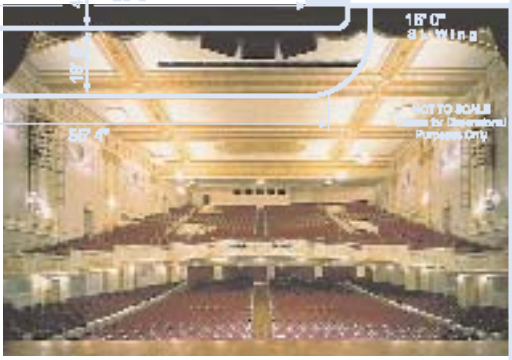
STAGE SPECS™

A TECHNICAL GUIDE TO THEATRES

STAGE SPECS is a directory of over 300 theatres across the United States and Canada in which touring Broadway productions are presented.



This online resource will be your right hand as you plan and manage your load in; design your set, sound, and lighting; book your tour; and contact personnel at each venue.

1st Time Online!

STAGE SPECS provides stage dimensions, stage house specifications, and information on backstage, electrical and sound facilities for each venue; as well as the names, addresses and phone numbers for administrative and technical personnel. It includes specs on rigging, seating capacity, loading dock, dressing rooms, house and road consoles, road service power, and more.

This invaluable guide is published by The Broadway League.

INFORMATION

STAGE SPECS at the League, 212-764-1122.
